ANNUAL
REPORT 2019

A MESSAGE FROM OUR LEADERS

If recent years have taught us anything, it is that we must approach this new decade as an opportunity to upend what has become the status quo and ensure that we remain resolute in our vision of a just and equitable society for all, with the full participation of Arab Americans. Our capacity to serve expands beyond fulfilling the needs of members of our community, to also empowering and elevating the voice and presence of the Arab American community at large.

Through our 120 human service programs and three national institutions, we have touched the lives of well over a million people this year alone. We helped to rebuild lives by addressing the critical health needs of individuals, both physical and behavioral – namely those afflicted by substance use disorder, survivors of sexual and domestic violence and families impacted by suicide. We helped immigrants, refugees and those on the margins achieve personal stability and economic success. We delivered educational programming to thousands of underserved children and adults. We strengthened our communities through ever-expanding philanthropic efforts and passionate activism, while providing historically silenced voices an opportunity to be heard.

ACCESS remains dedicated to bridging communities together and growing our reach. In 2019, we held our second national convening of MOVE in the heart of Arab America, bringing artists, activists and philanthropists together to help advance social change. We have continued to invest in our region by opening a new integrated services center in Detroit. Through the establishment of our advocacy arm, we have doubled our commitment to policy and civic engagement, relying on our grassroots origins to inform and elevate the voices and concerns of our communities to a national level.

At ACCESS, we know that positive change only happens when we stand united and work closely together. By challenging injustice and speaking in one voice, we build stronger communities, one person at a time.

COMMUNITY BUILDING

SHAPING THE FUTURE

AN AMBASSADOR OF CHANGE

“

One of the only places where I felt fully confident was through my afterschool participation in ACCESS' 21st Century Program. When I heard that it was at risk of losing public funding, I joined ACCESS and 150 other students in Lansing to advocate for afterschool programming. I am now one of just four students across the nation selected to be an afterschool Youth Ambassador for the national Afterschool Alliance, which gives me access to my elected officials and an ability to advocate for afterschool programming in a way that I never could have dreamed of. My educational advocacy work has only just begun.

– Noof Hezam

ECONOMIC MOBILITY

EMPOWERING ONE TO IMPACT MANY

“

Being a small business owner in the city of Detroit comes with many challenges. All I ever wanted was a chance to build my own life on my own terms and help create more jobs for the struggling members of my community. ACCESS helped me achieve this dream through entrepreneurial training and tools that helped expand my skillset. I am now the proud owner of a trucking company and a fleet of 17 rigs transporting items nationwide, and co-owner of a successful soul food catering company with my wife. The greatest achievement is that I can now give back to my community by providing jobs to those who need them most.
